KEYS TO THE BEGINNING OF A RECOVERY:

1. *The Real Estate market must stabilize. If not reversing, at least not continuing to fall. **NEW HOUSING STARTS UP** this past Spring and Summer because of seasonal factors but inventory still huge! The Nationwide **COMMERCIAL COLLAPSE IS JUST BEGINNING!***
2. *Unemployment must stabilize. If not reversing, at least not continuing to rise. Last report was lower! IT'S ACTUALLY WORSE as a "%," Back to near 10% - BUT IT CONTINUES TO MOUNT @ OVER 250,000+ weekly.*
3. *Corporate Earnings (profits) must stabilize. If not reversing, at least not continuing to fall. **SOME POSITIVE SIGNS** but mainly in **TECHNOLOGY.***
4. *Banks must begin to make loans again (especially to small businesses and potential home owners...albeit under ancient premises of buyers being qualified and of all things, a down-payment! Lots of "hoopla" from the mega banks, but it appears that there's no real progress. They're "hoarding" any cash they can get their hands on. And now here comes the Regional problems compounded by PRIME loan problems, Credit Card defaults and Alt-A resets!*
5. *The DOLLAR has to decline. It's started for REAL but now shows signs of strength!*
6. *Auto sales must stabilize at some NEW level. **Maybe started!...but at a really low level.***
7. *The consumer must get "back in the game of consumin'" **NO WAY!***

ANALYSIS OF THE ABOVE: No Real Hope YET! -1/5/2010

The Truth About the Health Care Bills

Michael Connelly, Ret. Constitutional Attorney

"Well, I have done it! I have read the entire text of proposed House Bill 3200: The Affordable Health Care Choices Act of 2009. I studied it with particular emphasis from my area of expertise, constitutional law. I was frankly concerned that parts of the proposed law that were being discussed

might be unconstitutional. What I found was far worse than what I had heard or expected.

“To begin with, much of what has been said about the law and its implications is in fact true, despite what the politicians and the media are saying. The law does provide for rationing of health care, particularly where senior citizens and other classes of citizens are involved, free health care for illegal immigrants, free abortion services, and probably forced participation in abortions by members of the medical profession.

“The Bill will also probably force private insurance companies out of business, and put everyone into a government run system. All decisions about personal health care will ultimately be made by federal bureaucrats, and most of them may not be health care professionals. Hospital admissions, payments to physicians, and allocations of necessary medical devices will be controlled by the government.* This is the main way for them to control the costs!

“However, as scary as all of that is, it just scratches the surface. In fact, I have concluded that this legislation really has no intention of providing affordable health care choices. Instead it is a convenient cover for the most massive transfer of power to the Executive Branch of government that has ever occurred, or even been contemplated. If this law or a similar one is adopted, major portions of the Constitution of the United States will effectively have been destroyed.

“The first thing to go will be the masterfully crafted balance of power between the Executive, Legislative, and Judicial branches of the U.S. Government. The Congress will be transferring to the Administration, authority in a number of different areas over the lives of the American people, and the businesses that they own.

“The irony is that the Congress doesn't have any authority to legislate in most of those areas to begin with! I defy anyone to read the text of the U.S. Constitution and find any authority granted to the members of Congress to regulate health care.

“This legislation also provides for access, by the appointees of the administration, of all of your personal healthcare which is a direct violation of the specific provisions of the 4th Amendment to the Constitution.

“Your personal financial information, and the information of your employer, physician, and hospital will be available to the bureaucrats. All of this is a protecting against unreasonable searches and seizures. You can also forget about the right to privacy. This will have been legislated into oblivion regardless of what the 3rd and 4th Amendments may provide.

“If you decide not to have healthcare insurance, or if you have private insurance that is not deemed acceptable to the Health Choices Administrator appointed by Obama, there will be a tax imposed on you.. It is called a tax instead of a fine because of the intent to avoid application of the due process clause of the 5th Amendment. However, that doesn't work because since there is nothing in the law that allows you to contest or appeal the imposition of the tax, it is definitely depriving someone of property without the due process of law.

“So, there are three of those pesky amendments that some of politicians the far left hate so much, out the original ten in the Bill of Rights, that are effectively nullified by this law. It doesn't stop there though.”

****The 9th Amendment that provides**:** The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people;*

*****The 10th Amendment states***:** The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are preserved to the States respectively, or to the people. Under the provisions of this piece of Congressional handiwork neither the people nor the states are going to have any rights or powers at all in many areas that once were theirs to control.

“I could write many more pages about this legislation, but I think you get the idea. This is not about health care; it is about seizing power and limiting rights. Article 6 of the Constitution requires the members of both houses of Congress to *"be bound by oath or affirmation to support the Constitution."* If I was a member of Congress I would not be able to vote for this legislation or anything like it, without feeling I was violating that sacred oath or affirmation. If I voted for it anyway, I would hope the American people would hold me accountable!”
